SUMMARY

Aspiring Java Backend Developer with hands-on experience in building RESTful APIs, implementing JWT-based authentication, and designing database-driven applications. Proficient in Java, Spring Boot, Spring Security, and MySQL, with a strong grasp of clean and a nd secure coding practices. Collaborative team player passionate about solving real-world problems and delivering scalable, maintainable solutions.

PROJECT

Wander_Wise — Travel Recommendation System

github.com/yuneshbyte01/Wander_Wise

- Engineered a recommendation engine suggesting destinations ions based on user interests and region filters.
- Designed RESTful APIs for destination search and preference management.
- Optimized query performance, improving recommendation accuracy by 30%.

University Placement System

github.com/yuneshbyte01/placement-system

- Developed a role-based job placement platform with dashboards for STUDENT, ORGANIZATION, and ADMIN roles.
- Implemented JWT-based authentication and Spring Security for secure authorization.
- Built REST APIs for job postings, applications, and profile management.
- Ensured scalable architecture and followed best practices for security and maintainability.

FixMate — Home Service App

github.com/yuneshbyte01/FixMate-HomeServiceApp

- Built a backend system for home service bookings (plumbers, electricians, cleaners, etc.).
- Implemented role-based authentication with JWT security for users and providers.
- Designed APIs for service listings, booking management, and payments. s.

Student-Course Management System

github.com/yuneshbyte01/student-course-management

- Created REST APIs for CRUD operations on students, courses, and enrollments.
- Integrated Spring Data JPA for smooth database operations.
- Developed a modular, maintainable architecture improving development envelopment efficiency.

EDUCATION

BSc in Information Technology

Presidential Graduate School • Thapagaun, Kathmandu • 2023 – Present

Diploma in Civil Engineering

Mahendra Rastriya Higher Secondary School • Baluwatar, Kathmandu • 2019 – 2023 • 3.28

SKILLS

Java, Python

HTML, CSS, JavaScript

Spring Boot, Spring Security, RESTful API Development

MySQL, MongoDB

IntelliJ IDEA, Maven, Postman, Git, GitHub
